REASONS FOR ALLOWANCE

1. Claims 2-6, 8, 9, 11, 12 & 14-18 are allowed. A third party written opinion provided by applicant in the information disclosure statement filed July 25, 2005 opines that the claims might be obvious (and therefore unpatentable) because a group of four references disclose the limitations in the claims. However, the written opinion fails to point out how one of ordinary skill in the art would have been motivated to combine the teachings in these references to come up with a plunging constant velocity joint comprising all the limitations in any of the independent claims. In truth, none of these references discloses all the limitations in any one of the independent claims, nor do they alone or in combination suggest the combination of limitations recited in any one of the independent claims. As such the claims are allowable.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
